SUPREME COURT HOLDS AS  
DID THE DISTRICT JUDGEGOMPERS, MITCHELL AND FEDER-  
ATION OF LABOR LOSE  
THEIR APPEAL.

## BIG LABOR MEN GUILTY

Gompers, Morrison and Mitchell May  
Now Have to Serve Terms  
In Prison.

BY ASSOCIATED PRESS.

Washington, D. C., Nov. 2.—The ab-  
solute court of appeals today affirmed  
the decree of the supreme court of  
the District of Columbia adjudicating  
President Gompers, Secretary Frank  
Morrison, and Vice-President John  
Mitchell of the American Federation  
of Labor, guilty of contempt of court  
in the Buck stove and range case.  
Chief Justice Shepard dissenting from  
the opinion of court on constitutional  
grounds.

The court held that the fundamental  
issue was whether the constitutional  
privileges of the government  
should be obeyed or defied.

"If the organization of citizens,  
however large," the court held, "may  
disobey the mandates of the court,  
the same reasoning would render them  
subject to individual defiance. Both  
are subject to the law and neither is  
above it."

To Fight Longer  
New York, Nov. 2.—President Gom-  
pers in an interview today said he  
could not surrender his constitution-  
ally guaranteed rights because a  
judge issued an injunction invading  
these rights. He says he will go to  
Washington as soon as possible.

**ELECTION DAY IS  
REPORTED QUIET;  
VOTE IS HEAVY**

General News from Sections Where  
Votes Are Being Taken—Demo-  
crats Ahead in New York.

BY ASSOCIATED PRESS.

Chicago, Nov. 2.—Reports from vari-  
ous points throughout the country in-  
dicate the elections generally are  
quiet.

The situation in Breathitt county,  
Kentucky, is still considered critical.

Both factions there are said to be  
nearly even. The state troops have been  
distributed in the disturbed district.

At Gary, Ind., the expected trouble  
had not materialized up to noon. In

if a citizen, though he may hon-  
estly believe his rights have been in-  
vaded, may elect when and to what  
extent he will obey the mandates of  
the court and the requirements of the  
law as interpreted by the court, in-  
stead of pursuing an orderly course  
of appeal, not only the courts, but  
the government itself, would become  
powerless and society be reduced to  
a state of anarchy."

The action of the supreme court of  
the District of Columbia sentencing  
Gompers, Mitchell and Morrison to  
twelve, nine, and six months' impris-  
onment in jail, respectively, was the  
result of the failure of these de-  
fendants to obey the order of the court  
directing them to desist from  
placing the Buck stove and range company  
of St. Louis on their "un-  
fair list."

Chief Justice Shepard, in the dis-  
senting opinion, held that the decree  
should be reversed because he was  
convinced the lower court was without  
authority to make the only order  
which the defendants could be said to  
have disobeyed.

**MADE ARRANGEMENTS

Beloit Common Council Took Steps to

BY ASSOCIATED PRESS.

Beloit, Nov. 2.—The common coun-  
cil last night took the preliminary  
steps towards paving Pleasant street,  
it will be a big improvement and may  
meet with some opposition as it will  
involve much property that will not  
be much benefited. It should be  
brought about however.

The chief of police complains that  
children are endangering themselves  
and others by coasting on the side-

CITY ELECTIONS IN  
WESTERN STATES OF  
GENERAL INTERESTGrand Junction Colo. Test Preferential  
System Of Voting—Topeka  
May Adopt Commission Plan.

BY ASSOCIATED PRESS.

Grand Junction, Colo., Nov. 2.—The

New Zealand system of preferential  
voting was tried for the first time in  
the United States at the election in  
this city today. Last April Grand  
Junction adopted a new charter  
modeled on the Gabretton and De  
Molins plan of government by com-  
mission, but providing also for the  
New Zealand system of "choice vot-  
ing" on all candidates for city offices.

Experts in municipal government  
declare that the Grand Junction char-  
ter is one of the most advanced  
documents of its kind in American  
political politics is completely done  
away with "No candidate can go be-  
fore the people as the candidate of  
any party or faction or under any  
party name. All candidates are nomi-  
nated by petition. No candidate can  
hire workers or engage in an ac-  
tive campaign on election day. The  
people are vested with the right of  
initiative and referendum and the  
right of authorizing, regulating, or terminating  
by public service corporations is  
given to the people alone."

The preferential system of voting  
is designed to secure an accurate ex-  
pression of the will of the people at  
the polls with a minimum cost and  
effort. City wards have been abol-  
ished. Administration of the city is  
divided into five departments: in-  
dustry, affairs, finance and supplies,  
streets, health and civic beauty,  
water and sewers. Each commission  
is required to take active charge  
of its department. The average pay  
for the commissioners amounts to  
\$15,000 a year.

**May Adopt Commission Plan**

Topeka, Kan., Nov. 2.—Whether  
Topeka, the capital and largest city  
in Kansas, shall follow the example  
of Lenawee and other cities of  
the state in adopting the commission  
plan of government is to be decided  
at today's election. While the  
new men generally are in favor of  
the proposed change, it has been  
bitterly opposed by the majority of  
the politicians and office-holders and  
the campaign leading up to the election  
was one of the most spirited in  
Topeka's history. An unusually  
large vote was polled early in the day,  
indicating the widespread interest  
which the question has aroused.

**Vote On Saloon Question.**

Spokane, Wash., Nov. 2.—Elections  
in several counties of Washington to-  
day are regarded as the real begin-  
ning of the movement to add the state  
to the "dry" column. Several large  
cities and towns are included among  
the communities where a vote is be-  
ing taken on the question of abolishing  
the saloons. Should the prohibi-  
tion forces be victorious at the polls  
they will immediately take steps to  
increase the "dry" territory until it in-  
cludes the entire state.

MALPRACTICE SUIT  
TAKEN FROM JURY

Judge Grimm Ruled That Albert  
Gieser's Case Against Dr. Filfeld  
Hadn't Leg to Stand On.

At the conclusion of the plaintiff's  
testimony this afternoon in the damage  
action for alleged malpractice  
brought by Albert Gieser against Dr. George Filfeld, Judge Grimm declared  
that there was not a single fragment  
of evidence to show that the frac-  
tured bones had not been properly  
set; threw the case out of court; and  
dismissed the jury. Both Dr. Filfeld  
and Dr. Charles Sutherland have been  
put to a heavy expense defending ac-  
tions of this character which had no  
foundation whatsoever. Each physi-  
cian in such instance did the best  
that could be done under most unfa-  
vorable circumstances and reaped the  
kind of gratitude calculated to make  
one lose faith in his fellow men.

Earle vs. Thompson.

The suit of Mrs. Earle against Josie  
Thompson, a case appealed from the  
justice courts, was taken up. The  
suit is over the sale of some hay. The  
plaintiff claims that the hay was sold  
to the defendant to be paid for by  
the ton, after it had been baled. The  
defendant on the other hand says  
that it was lumped to him and the  
payment he made was in full for the  
hay. Attorneys Whitehead and Mathe-  
son are representing Mrs. Earle and  
Attorneys M. O. Mount of Janesville  
and L. E. Gettle of Edgerton the de-  
fendant.

From Germany comes an interesting story concerning three little girls. Herr Kressler, a mercantile clerk and the father of the children, was, it seems, some years ago staying at Berlin, and while there chanced to save an elderly Japanese gentleman from drowning, and the latter proved to be Baron Wiyoshi of the Japanese embassy in Berlin. He has just died and left to each of Herr Kressler's little daughters the sum of \$20,000 marks or \$5,000, provided that they dress like Japanese until they reach the age of 14.

## LOCAL PEOPLE WILL BE MUCH INTERESTED

Dr. Plantz Rebukes City of Appleton For Indifference To Lawrence University and Threatens To See It Moved.

Janesville people who are warm supporters of Lawrence University and who know Dr. Plantz, the President, who has often visited here, will be much interested in his startling statement. That a wealthy man of Wisconsin has twice made him a proposition to remove Lawrence University from Appleton to his home city and offering big inducements. This is due to the statement of President Samuel Plantz in a circular letter to the citizens of Appleton, made public yesterday. The letter is an appeal to the citizens of Appleton to erect a Y. M. C. A. and boys' dormitory at the college. It states that in the fifteen years in which Dr. Plantz has been president of the institution over \$750,000 has been given to it, and adds from four Appleton trustees, Appleton has subscribed less than \$10,000 of that amount.

Dr. Plantz then told what the college is doing for Appleton, as follows:

"It gives a higher education to Appleton young people at little cost. We usually have from eighty to ninety students from Appleton. These costs, if the interest on the plant is considered, over \$200 each and they pay us about \$46. We give Appleton citizens from \$12,000 to \$15,000 a year to educate their children, and save them the additional expense of sending them away from home."

"Many of the foremost families of Appleton have come here only because of the college. Every year several families move here to put their children in school and usually become permanent residents."

"We bring to the city between 500 and 600 foreign students who spend on the average at least \$350 each year, or a total of \$200,000. Besides this there is what is spent by forty teachers, and fourteen employees, and the families which move here with their children. Not less than \$300,000 is brought into the city yearly by the college."

"The bill paid to labor for repairs, new building and various kinds of service will average \$15,000 a year for the past fifteen years."

"Why Appleton citizens, exclusive of trustees, have given Lawrence less than \$10,000 during the past fifteen years, the college has in that time given the city not less than \$150,000 for the education of its young people, not less than \$100,000 in wages and fully \$3,000,000 in trade. In wages, profits on businesses, and education, Appleton has in fifteen years received not less than \$500,000 or \$600,000 from the college, or \$60 for every dollar contributed to it."

"There are many offices which would give large amounts to have such an institution established in their midst."

"Word has been sent to me by a man of wealth that if our trustees would remove the college to his city, he, with a few other capitalists, would give the college forty acres for a campus, would duplicate every building we have in a better one, would pay the expenses of removal and see that the city gave a contract to rebuild us of minded taxes forever."

"Because of the very little the city has done for Lawrence, and because of the large things Lawrence has done and is doing for the city, I want the help of every citizen in a project we have in hand. For three years we have been trying to get money to build a Y. M. C. A. building and dormitory for our boys. It is desperately needed. Nothing just now would help the college so much as such a building. The citizens of Appleton ought

to erect it. Let every person who gets this letter give something, and to your host. Please sign and return the enclosed card, stating what you will give on condition the trustees do not accept the offer to remove the college, but will keep it permanently in the city."

NUMBER OF YARD MASTERS  
INCREASED THIS MORNING

This morning the new arrangement in regard to the supervision of the freight yards went into effect. It had been found that, during the rush season, it was almost impossible for one man to handle the cars to advantage, so it was decided to put on an extra yard master during the day. As it is now arranged, Train Master J. C. Ring has general charge in Janesville, with David Griffin in charge of two switchengines on the belt line and sugar beet work, while former Night Yard Master Jerry Carroll has charge of two engines in the yards. Switchman Roy Horn has been made night yard master to fill the place made vacant by Carroll.

MANY STOCK TRAINS ARE PASSING THROUGH CITY

Stock trains from Montana are coming through Janesville in increasing numbers. Ten trains went through last night and at eleven o'clock this morning ten more were in sight and due to pass through here during the afternoon and evening. A report emanating from DeKalb has it that the freight traffic is very heavy at that point. Yesterday nine freight trains passed through in forty minutes, all going in the same direction.

Heavy rains are reported to have fallen yesterday at Fond du Lac, completely eclipsing the drizzle that soaked the switchmen here during the afternoon and evening.

Switch-engine 1170 ran over an obstruction on the track this morning and put the brakeman out of commission, which made it necessary to send the 1295 downtown and use an R1 in the yards.

Engineer Cole and Fireman Grantham took an extra south last night at 11 o'clock with engine 1130.

Engineer L. Godland reported for work this morning on the 7 a. m. switch-engine, Starrett, who has been relieving him, is on the board.

Engineer Strange left for the northern part of the state today on a hunting trip. Fireman Fleming has his place on the Watertown run with Engineer Erdman.

Fireman W. McSmith reported for work yesterday and went on the switch-engine with Engineer T. T. Adams.

Fireman Urban is taking Fleming's place on the switch-engine today with Engineer Clegg.

Fireman Dalton reported for work on the extra board this morning after a week's vacation.

Engineer Dudley reported for work this morning after laying off on account of illness and went on the extra board.

### DAILY DIET HINTS

By DR. T. J. ALLEN  
Food Specialist.

### TO HAVE CHILDREN FROM APPENDICITIS.

When an attack of appendicitis is threatened, as it may often be in children who eat fine fresh white bread and meat, enemas, emetics and purging should be resorted to promptly and decisively, hot bath and local fermentations should be taken, and an exclusive diet of grapes and apples followed for several days, continuing the enema once daily for four or five days, then the fruit diet for a week or more. If children had more fruit, eating often a complete meal of apples or peanuts or berries, as they will, if not interfered with, appendicitis would be less frequent. Coarse cereal bread with olive oil or nuts and prunes, are also preventive of appendicitis and other bowel troubles; fine, fresh white bread and meat and lack of exercise are contributory. Operation may become necessary through ignorance, but should be invariably avoided by proper feeding.

Ceremony Will Be Performed at Presbyterian Church—Couple Expected to Take Late Train for Minneapolis.

The First Presbyterian church has been hung with southern amplex, white chrysanthemums, and autumn bouquets for the wedding of Miss Cora Soverhill, daughter of Mr. and Mrs. Sanford Soverhill, and Charles Starr Atwood, which takes place at eight o'clock this evening. The ceremony will be preceded by a violin solo from "Largo," rendered by Miss Wilma Soverhill, a sister of the bride, who will be maid of honor and the Misses Abbie Atwood and Edith Soverhill are to be the bridesmaids. The groom will be attended by his brother, Leo Atwood, Harold Dearborn, Lawrence Doty, and Victor Whiteman of Chicago, Fred and Howard Green, John Harlow, and H. Stowe Lovejoy will act as ushers and Master Frederick Kayler will be the ring-bearer. Rev. J. W. Laughlin will render the service. Following the reception and wedding supper at the home of the bride's parents the happy couple are expected to depart on the eleven o'clock train for Minneapolis. The many beautiful gifts bestowed upon the bride-to-be need only be mentioned at this time. Mr. Atwood is a son of Mr. and Mrs. Charles D. Atwood, owns a quarter interest in the City Ice Co., and is one of the best known and most popular of the younger business men of Janesville. Among the out-of-town visitors here for the wedding are: Mr. and Mrs. C. Atwood of Minneapolis; Mrs. Florence De Forest of Cleveland; Mrs. Harold Dearborn, the Misses Anna De Forest and Besse Burch, and Mr. and Mrs. D. C. Holloway of Chicago.

## FARMING LIFE BEST; DEEP WATERWAYS GIVES REAL REWARD

PRESIDENT DEPRECATES TENDENCY OF YOUNG MEN TO DRIFT TO CITIES.

### ENJOYS MISSISSIPPI VISIT

Attends State Fair, Lunches with Governor and Wife—Leaves for Columbus, Birthplace of Secretary Dickinson.

Jackson, Miss., Nov. 2.—President Taft, as Jackson's guest, shared in honors unique and unparalleled in the history of the old city. At least 30,000 visitors from all parts of the state were in the city, the greatest state fair in the memory of the oldest Mississippian was in full swing, there was a big circus in town and a balloon ascension, with a thrilling parachute leap from the clouds. The president attended the fair and the fair people gave return checks to all who wanted to see the circus across the street, and in this way a combination of the three great attractions was formed. "Uncle Joe" Cannon was to have been an added feature, but he had been summoned to the east on business and passed through Jackson without stopping.

#### President Headed North.

President Taft left at midnight for Columbus, Miss., the birthplace of Secretary Dickinson. He will spend three hours there and will reach Birmingham, Ala., at 7:10 tonight.

The president had a long but pleasant day. He seemed to enjoy the big crowds that choked the streets and gave him a demonstration wherever he went. At the fair grounds Mr. Taft lunched with Gov. and Mrs. Spil and met a number of the state's distinguished citizens. He spent an hour going through the various exhibits at the fair and was particularly interested in the agricultural displays. These displays so impressed the president that he devoted most of his address to the importance of farming and to a depreciation of the tendency of young men to drift to the cities, where they think they can be where "the wheels go round."

#### Farming the Best, Says Taft.

The president said in part: "I am glad to be in a state in which agriculture is your chief trade and occupation. We must admit that the occupation of the farmer is among the one or two most important occupations that go to make this country great."

"We have arrived at a time in the development of this country and the world when old methods of agriculture must be discarded if we would keep up with the procession. Land is becoming too valuable to treat it in the old wasteful way. The profession of the farmer has become a real scientific profession, and I am glad to note that Mississippi is at the head of the column in having one of the best agricultural institutions in the country."

"Here you have been able to realize that tendency of your young men, laborers and others, to come into the cities and live in tenements, in order that they may be where the wheels go round. The truth is, if I were advising a young man in this country as to his future profession I should say to him that there was probably greater opportunity for real reward in agriculture, industry, attention to business and scientific investigation in the profession of agriculture than in any other profession that this country affords."

#### Country Life the Same Life.

The tendency toward the country and country life is a tendency that we ought to encourage. It tends toward some, philosophical and quiet consideration of the problems of life. It takes out that nervous exhaustion of energy. It takes out the gambling spirit; it takes out of the life of the citizen that hurry and rapidity that carries him quickly to their grave and it makes for the happiness of individuals and families far more than any trade or profession that brings you into the great maelstrom of city life."

#### GUARANTY FUND INSUFFICIENT.

Bank Has But \$1,123 to Pay \$400,000 Deposits.

Oklahoma City, Okla., Nov. 2.—More than half a million dollars, contributed by the state bankers under the deposit guaranty law, has been used in paying depositors of the insolvent Columbia Bank and Trust Company, which failed more than a month ago, and there remaind more than \$100,000 in deposits to be paid, with only \$1,123 in cash on hand to pay them, though sufficient assets, apparently, are available to provide for the remaining deposit.

This condition is shown in a preliminary statement issued by State Bank Commissioner Young. Apparently no money has been received from the assessment of 100 per cent, on the \$200,000 of capital stock of the bank.

#### Take Bank Employee in Army.

LAKES-TO-GULF DEEP WATERWAY IS MADE POLITICAL QUESTION.

### 500 ARE GOING TO CAPITAL

Convention at New Orleans Votes to Fight All Candidates Who Do Not Favor Project—Pass Vigorous Resolutions.

New Orleans, Nov. 2.—The deep waterway question has become an issue of national politics.

Through a set of the most warmly worded resolutions ever adopted by a non-partisan organization, the 5,000 delegates to the deep waterway convention, representing every state in the union, pledged themselves to support no candidate for public office hereafter who is not committed in plain language to the policy of immediate action on the lakes-to-the-gulf project.

The creation of a new national issue, however, was but a part of the program on which the convention entered through its action.

#### 500 to Invade Capital.

The convention demanded that the federal government and congress take a definite position on the question of deep waterways, and it was decided that a delegation of 500 members be sent to Washington as soon as Congress convenes in December to present the resolutions to that body and to bring all possible weight to bear for immediate action.

The convention declared that it favored a bond issue for the improvements to be undertaken. In addition it attacked the position of President Taft as "fallacious;" and also poured a ringing fire into the board of government engineers which had summer made report declaring the lakes-to-the-gulf project feasible, but not commercially desirable. The convention did not induce words with the government engineers' report, and proceeded to "repudiate and condemn" that part of it dealing with the commercial phase of the proposition.

#### Put On War Paint.

In short, the delegations put on their war paint and announced that the war path is to be theirs until they get what they want.

The position of the convention, which represents highly influential forces from Maine to Washington and from Louisiana to Minnesota, means that the deep waterway project is going to be forced on practical politicians as the liveliest kind of an issue, and that it will play an important part in the congressional elections in the fall of 1910. It also may have a star role in the next presidential campaign unless some definite action has been taken one way or the other in the meantime.

#### FAMILY KILLED; HOUSE BURNED

Robbery Is Believed to Be Motive for Murder of Four Persons.

Bladensburg, W. Va., Nov. 2.—The charred bodies of three members of the family of George Hood, an aged white man, were found in the ruins of the Hood residence at Harper, and the body of George Hood was removed while the flames were at their height.

From the ruined and blackened remains of Washington Hood, aged 25 years; his sister, aged 27, and their niece, aged 12 years, were taken. The body of George Hood, 70 years old, had the hand almost severed.

The burned building was a two-story frame structure, the upper floor being occupied by the Hoods. In the rooms below was a restaurant conducted by a negro. One theory is that the house was fired after the inmates had been murdered. There is not the slightest clue as to the perpetrator. Officers immediately went to the scene and, with bloodhounds, but it is said that the dogs failed to find a trail.

The robbery theory was suggested by the fact that Washington Hood on Saturday had shown over \$100 in the negro restaurant.

#### PLOT TO LIBERATE PRISONERS

Falls Because "Trusty" Informers Are Caught in Nick of Time.

Chicago, Nov. 2.—A bold plot among the county jail prisoners to overpower the guards, seize the keys and empty all the cells was frustrated by the act of a "trusty," who told Night Auditor Sweeney of the prisoners' plan a short time before the hour set for the attack on the guards.

The prisoners are allowed to exercise in the jail corridors from six to eight o'clock each night, and this was the hour selected for the attack on the few guards who watch over them.

The criminals believed they could overpower or kill those turnkeys, lock them in cells, and then, with their keys free all the prisoners on the first, third and fourth tiers of cells. By sheer force of numbers they expected to batter down the outer door and escape.

#### Cannibals Devour Sailors.

Manila, Nov. 2.—Rear Admiral Sorenson reports that when the United States Pacific fleet touched at Admiralty Islands it was learned that cannibals from the islands captured a boat containing three Englishmen and three Chinese. One of the Englishmen who escaped through the convalescence of a friendly tribe said his companions had been killed and eaten.

#### British Fear of Spies.

Sketching in public places is prohibited by the police regulations of London.

#### Damascus Electric Tramway.

Damascus has an electric tramway the daily receipts of which average \$170.

GYPSY SMITH LEADS HIS 30,000 F  
THE CROWD WHICH TOOK P

(From

CHICAGO TRIBUNE)

CHICAGO, Nov. 2.—With the bands playing "Onward, Christian Soldiers," 30,000 of Chicago's Christian reformers, headed by Gypsy Smith, invaded Chicago's red light district. A demonstration such as no American city has ever seen against vice was carried

to the doors of vice. Thousands of people lined the walk on either side; movement on the part of many who in the procession marched to the very heart of the lewd district, drew attention to this district than it where balls had been secured. It would do good, but Mr. Smith seemed which Gypsy Smith himself and others delivered addresses against vice and content to let the matter rest on its own merits.

**BON TON--ROYAL WORCESTER--ADUSTO**  
A Trio That Fulfills Every Style Requirement, Embodying Comfort and Durability

Careful corseting is necessary for the present mode of dress. Current fashions convey the impression of unbroken lines. The Bon Ton and Royal Worcester, properly fitted, only slightly define the waist line and scientifically reduce the hips and abdomen, so that the whole figure is given the appearance of NATURAL SLIMNESS, a quality hard to find in corsets of other make. The designing of these models is a new art. The producing of the extreme length that shall be durable and at the same time comfortable, can only be done by a designer of qualified ability.

Bon Ton are fashion's favorite. They lend irresistible charm and grace to every figure. One cannot successfully attain the slender, sylph-like figure of prevailing styles until

Electric Co.PIONEER RESIDENT  
OF UNION IS DEADMrs. Maria Elwood, Said to Be Oldest  
Early Citizen in Town,  
Died Sunday.  
SPECIAL TO THE GAZETTE

Evansville, Nov. 1.—Mrs. Maria Elwood, widow of the late J. H. Elwood, died at the home of her daughter, Mrs. Freddie Johnson, near Union, Sunday afternoon at five-thirty. She was seventy-five years of age. Mrs. Elwood is said to have been the oldest pioneer settler in the town of Union, having come to Wisconsin with her parents when six years old. She was born in Ohio, Feb. 28, 1831, and was a sister of Daniel and Reuben Johnson, both of whom were prominent in pioneer days. Mrs. Elwood had been in ill health for about a week but her condition was not thought to be serious and her death came as a great shock to her relatives and especially her many Evansville friends. She leaves three daughters, Mrs. Eva French, Mrs. Ada Johnson and Mrs. Hetta Johnson of this city and one son, Ray Elwood of Fairchild, Wis. The funeral services will be held from the home of Mrs. Lydia Johnson on Garfield avenue, Wednesday, at ten-thirty o'clock. The remains will be laid at rest in Maple Hill cemetery by the side of her husband, who passed away about eight months ago.

The mission given by the Jesuit Fathers in St. Paul's Catholic church closed Saturday evening. The religious enthusiasm it awakened was unprecedented in the history of Evansville. The service was packed to the doors every night; camp chairs were pressed into service wherever possible and many were forced to find seats on the altar steps. The missions fathers proved themselves brilliant and fearless orators and their heartfelt exhortations for higher standards of living will long be remembered by the people of Evansville. Many non-Catholics were in attendance at every lecture, and went away as deeply impressed as the Catholics for whom the mission was given. The mission was successful beyond expectation, both in point of attendance as well as enthusiasm and it is to be hoped that the fathers will find it possible to return again and continue the good work so well begun.

D. F. Hedges, having refused to accept the appointment as a member of the board of education, Max Fisher has been selected in his place.

The lecture course managers have up to the present time sold about four hundred and thirty season tickets which is the largest number that has been sold to any course in recent years and leaves only forty-five or fifty seats for single tickets.

Mr. and Mrs. W. S. Brook, who for the past three or four years have been living in Seattle, have returned to Evansville and have bought an interest in the bakery owned by Mrs. Brook's mother, Mrs. Eliza Moore. The bakery will hereafter be known as the "Dresden" and the new firm plan to "deliver" their goods to their city customers.

Mr. and Mrs. Burr Tolles and son, Donald, were guests of relatives in Janesville, Saturday.

Mrs. J. R. Blaine spent Saturday in Beloit. Her husband, who has been in Germany on business for three or four months, will sail for home Nov. 1.

Mrs. D. Q. Grubbs and little daughter returned Saturday, from a two month's visit to her parents, Dr. and Mrs. Wilson, in Apple City, Mo. Her mother accompanied her home for a visit.

Mr. and Mrs. Ed. Reese left Friday evening for Marshall, Minn., where they will visit their sons, Watson and Boyd Reese. They will remain a week or ten days.

Mrs. W. R. Phillips will go to Edgerton tomorrow to assist in celebrating the eighty-ninth birthday of her father, Richard Houle.

Miss Mable Maxham and Mr. Hull of Madison were over Sunday guests of Miss Cora Morgan.

Anna Covell has bought of Charles Berger his farm in the town of Center known as the Samuel Clough place. Meadmoor, Charles Powles, E. E. Smith, and Charles Spencer spent Saturday in Janesville.

Beth Fisher entertained twelve of her friends at a Halloween party Saturday, from five to eight o'clock. Helen Hendricks of Janesville was one of the ghosts.

Mrs. T. Lee and Mrs. H. Emory have been visiting for a few days with friends in Clinton.

Mrs. Leedle Denning was the guest of Edgerton relatives last week.

Do You Get Up  
With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties.

Swamp-Root satisfies almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing stool, or bad effects following use of liquor, wine or beer, and overcomes the necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find it if you have kidney, liver or bladder trouble.

When writing me, please send your address to

Dr. Kilmer &amp; Co., Binghamton, N.Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root.

Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., or every bottle.

"Well, since you raised his salary, captain, and gave him his extra work, naturally he's anxious to make good," again prompted the superintendent.

"Anxious to make good? Well, he'll have a chance, and soon at that."

Mrs. Brooks rose, hand outstretched, and went to him, with a happy, grateful smile.

"Now that it's out I want to thank you ever so much," she said.

"Thank me?"

"Yes, for Joe's raise and that six months' back pay."

"He told you that?"

"Sure he did," put in Smith.

"He has forbidden me to speak of it to either you or Jimay," Emma told him, "but since you have mentioned it first I can thank you, can't I?"

"He did not return a direct answer, but rubbed his chin dubiously as he said:

"So I raised his pay, eh? And dated it back six months?"

"Of course you did," asserted Smith with emphasis. "Don't let him fool you, Emma."

"You don't know how happy it's made us all," went on Mrs. Brooks gratefully. "I feel like a new woman, and mother appreciates it."

"Well, seems that I done all these things!"

He stopped abruptly as the door opened and his eyes rested on Brooks. The latter's underlip dropped, and he turned livid with fear at the unexpected presence of the captain. He was, in fact, so startled that he nearly collapsed.

"Captain Williams!" he stammered, advancing tremblingly toward him. "Will you shake hands, captain?"

"Sure," replied Williams in a firm voice. "How are you, Brooks?"

"I'm all right, I guess."

"You know, Joe, you told me not to thank the captain. But he brought it up—the raise and the money," said his wife, still full of the subject and her gratitude.

"No, I did, Joe," corrected Smith.

"You see, the captain feels—"

Brooks turned upon them, snarling like a wolf at bay.

"What are you trying to do—make fun of me? Don't you think that's it?"

"Now, Brooks," interrupted the captain, authoritatively, "you are nervous. Your wife has just been telling me—how she enjoys your new income."

Mrs. Brooks, startled and alarmed, gazed at her husband.

"Why, Joe, are you sick?" she demanded.

"No, no! Maybe it's the heat," he replied weakly, passing his tongue over his dried lips.

There was a moment of general embarrassment, during which Captain Williams took stock of the room.

"You are fixed up mighty snug here, Mrs. Brooks," he commented, breaking the awkward silence.

"Yes, it is pleasant," she answered, now seriously worried.

Williams rose. "Well, I must go," he remarked.

"Do you want me to go with you?" asked Joe.

"No; tomorrow morning will do to see you. You know my lonely little quarters aren't more'n half a block from here, and I like to hang out there."

"The captain," added Smith, "lives in a little south sea island now, world-

No. 38—An Oklahoma Scheme

## Talks on Snake Culture

No. 38—An Oklahoma Scheme

It is related of an Oklahoma woman that she tried every imaginable scheme to accomplish her husband's reform. He was given to deep communion with bottles of various sizes and colors, and when he came home at night he was generally wearing the wrong hat, and was trying to talk in two languages at once. All her plans failed; the old man seemed to have let go all holds. One day she overheard a neighbor talking of her gay old man. "If he could see himself as others see him," said the neighbor, "he might brace up." The discouraged woman pondered over that remark until it suggested a plan of action. She knew a boy who was a kodak fiend, and hired that boy to follow up the trail of her joyous husband and make pictures of him. In the course of a couple of weeks she had a fine collection, and one morning, when the Master of the House had a headache that was making 800 revolutions a minute, and taste in his mouth that suggested guano mine, she entertained him by showing him pictures of himself. In one he was taking off his hat to a milliner's dummy; in another he was crawling out of a coal hole; in a third he was trying to stand on his head in Charlie's Place, for the edification of the hangers on. When he had looked at half a dozen of the pictures he walked away without a word, and sat in the cellar, with his head in his hands, all day, and has hasn't taken a drink since.

## FORTY YEARS AGO

Janesville Daily Gazette, November 2, 1860.—The Condition of Mrs. Wilcox.—We are gratified to learn—and we know the community generally will be—that Mrs. Wilcox, who was so seriously injured yesterday, is as good as could be expected under the circumstances. It is hoped and expected that she will recover should nothing unfavorable intervene, although she is badly hurt.

As we go to press voting is quietly going on in the different wards of the city, and from present indications only about two-thirds of the vote of the city will be polled. There are, but few men around the voting places, and not much effort put forth to get a full vote. We never saw so quiet an election day in this county and fear that our old-fashioned majority will be lacking.

Barn Burned in Lima: We learn from Rev. Mr. Hubbard that the barn of Mr. Wm. James, in Lima, was burned on Sunday night last. The building was filled with grain, hay, tools, etc., which would naturally be found in a farmer's barn. The owner succeeded in getting out his horse and

buggy but everything else was destroyed. The loss is from \$1,500 to \$2,000 upon which there was no insurance, the policy having expired a few weeks since. It was supposed to have been the work of an incendiary, the fire having occurred about one o'clock and there had been no light in the barn.

The Meeting Last Evening.—A good Republican meeting was held at the Court Room last evening at which John R. Bentall, Esq., Capt. George R. Peck, Col. McHenry and Mr. H. S. Woodruff made short and effective speeches.

Settlers.—Well posted farmers estimate that the loss of potatoes in this county by freezing will be from 50,000 to 75,000 bushels.

It wasn't much of a surprise experienced by a man a few mornings since upon opening the door of his house to discover an animal in a remote corner with a pair of remarkably bright eyes. His first thought was that it was a wolf, but he soon found it was a tame fox which belonged to a neighbor. The animal had availed himself of an opportunity to get a meal of chicken.

## SEND US WORD

Subscribers to The Gazette will confer a favor upon the publishers by sending word immediately to this office of any irregularity in delivery of paper, any error in the dating of subscription—in fact reporting anything that is not correct regarding delivery of paper.

During the recent contest there were many opportunities for mistakes and it is the wish of the paper to rectify any error which may have been made at that time.

### Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has it been a long time since you last slept? Has it forced you to give up all the work you used to do? Has it taken all the strength out of you? Has it made you a different individual? It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold, in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrapped. Made from roots without, alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.
